

STREAKWAVE WIRELESS, INC. ACQUIRES DIRECT SALES BUSINESS UNIT OF RF LINX, INC. AND SIGNS EXCLUSIVE DISTRIBUTION AGREEMENT

Streakwave Wireless, Inc. (“Streakwave”) announced today that it has acquired the RF Linx, Inc. (“RF Linx”) direct sales business unit. In addition, Streakwave has been selected to be the Master Distributor, signing an exclusive distribution agreement.

“We are very pleased to partner with Streakwave for exclusive distribution of our products” said Joseph Janning, President of RF Linx. “Streakwave has developed a strong reputation within the wireless community by providing unmatched customer service, support and product availability. They share our values and vision for providing the customer with the best quality products and services”.

“The additional sales staff, with their expert knowledge of wireless broadband equipment, is an excellent addition and fit with the Streakwave team,” stated Carl Moberg, President/CEO of Streakwave. “We are also excited to be the sole distributor of the RF Linx product and look forward to future growth in that line.”

Moving forward, Streakwave and RF Linx will focus on a successful and smooth transition from that of direct sales to Streakwave’s proven distribution model. Streakwave will stock, sell, and support the RF Linx products from multiple distribution facilities throughout the country.
